---

My professional experience was focused for 10 years in the Psychology field, which has been mainly related to clinical practice and the content writing skills. Currently, I'm more focused on my writing skills as an English and Spanish content writer and editor. Additionally, I'm managing my own online project in Spanish named JessiTerapia and I created my own course in Udemy for anxiety management reaching so far more than 1000 students

## Content writer and editor

2019 - Present

[Global Content Ltd](#)

Regarding: Application for the position of Content Writer/Technical Writer

To whom it may concern,

I came across the advertisement indicating vacancy for a writer at your company and I am excited to tell you that I am more than ready to take the challenge. I have attached my resume for you to review my writing skills. I have a Bachelor's Degree in Psychology and my professional experience has been focused on the clinical field and the writing skills.

One of my passions in life has been writing and my greatest skills are communication and proofreading skills. Before I write about a certain topic I always do research on it and try to find the best topic according to the audience. I am working on a daily basis with the knowledge of the SEO principles and HTML.

Responsibility, organization and creativity are three of my favorite words. I am highly committed to my job as a content writer, therefore I am always willing to learn new things to ensure the quality of my work.

I spend my leisure time reading and checking new trends on the web. I consider myself a devoted reader of articles, blogs, books and newspapers, which additionally assist me with improving my vocabulary. I would be pleased if you take a look at my resume and consider my application for the content writer position. I will be available for a meeting for further discussion.

Thank you for your consideration.

Sincerely,

Jessica Quinonez Rafaeli
